

Laura González

¡Hola! I'm Laura and I'd like to share some **fun facts** about me:

I have been illustrating for more than 15 years.

During this time I have collaborated on many different projects for Mexican clients as well as clients from all over the globe, often adapting my style according to the needs of the project.

Wonder which style is your favorite!

I'm a big
daydreamer
as well.

Sometimes it's hard to
keep grounded!

Gardening is one of my **passions**.

What a cheerful
hobby!

And such a
rewarding
experience.

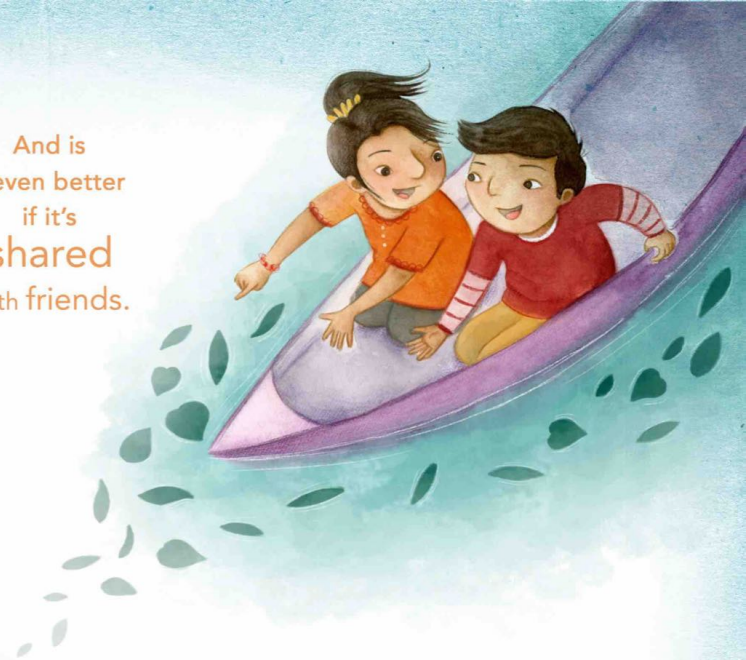

My perfect day includes
breakfast, avocado
and tea (or coffee).

And is
even better
if it's
shared
with friends.

I find
refuge
in
literature,
drawing,

and music.

I even tried to learn
to play the flute.

It didn't turn out
quite well, though...

Spooky and
Folktales are a
great
inspiration
for me!

So many
quirky
scenes!

One of my favorite celebrations
is the Day of the Dead.

Being an illustrator can be overwhelming.

But when it's all done...

It is totally worth it!
